

Tom Cady - a quick survey of 1st
prairie planting (Walnut Cr.)

4/20/94

species noted
93

* *Ratibida pinnata*

* *Silphium perfoliatum*

* *Aster* sps.

* Big Blue

Monarda

* *Solidago rigida*

Achillea (Yarrow)

Silphium integrifolium

Indian grass

Helianthus sp

NW 1st
plant

Silphium lanceolatum

* Big blue

* *Ratibida*

Indian Grass

* *Aster* sps.

Monarda

* *Carex* sps

Helianthus sp

Asclepias purpureum (? doonyon
syrice underside of leaves)

Coreopsis tripteris

Silphium perfoliatum

Sporobolus asper

Uncus teni

Solidago rigida

SW 1st
plant
noted 93

Dalea sp

Dalea purpurea

Iris sp

Hieracium asperum

Silphium lanceolatum

does not
take into
consideration
any plants
transplanted
only plants from
seed

Ratibida

Aster sp.

Solidago rigida

Little blue?

~~Big blue~~

NE

noted 93

Echinacea pallida

~~B. blue~~

~~Aster sp~~

Juncos tenuifolia

Helianthus sp

Solidago rigida

Achillea millefolium

~~Ratibida~~

Silphium perfoliatum

Dalea purpurea

NC

noted 93

Echinacea pallida

~~major species~~

probably all 3 major
grasses occur in each
section, time not taken
to ID

some nice clumps of grass
and unidentified native species
Clover sps main aliens

probably many more natives exist
under weed cover.
