March 28, 1999

The following Amphibians and reptiles **should** occur at the Wappanocca National Wildlife Refuge (References: Reptiles and Amphibians of Eastern/Central North America, 3rd Ed.. R. Conant and J.T. Collins. 1991. Houghton Mifflin Co, New York; A Key to Amphibians and Reptiles of the Continental United States and Canada. R. Powell, J.T. Collins, and E.D. Hooper. 1998. University of Kansas Press). **Species of amphibians and reptiles actually observed at the Wappanocca National Wildlife Refuge during May-July 1998 are highlighted with an asterisk (*)**.

Amphibia:

ANURA:

*Acris crepitans**
*Bufo woodhousei**
*Bufo americana**
*Hyla cinerea**
Hyla chrysocelis
Gastrophryne carolinensis
Pseudacris crucifer
Pseudacris triseriata
Rana areolata
*Rana catesbeiana**
*Rana clamitans**
Rana palustris
*Rana utricularia**
*Rana clamitans**
Scaphiopus holbrookii

URODELA:

Ambystoma maculatum

Ambystoma opacum
Ambystoma talpoideum
Ambystoma texanum
Ambystoma tigrinum
Amphiuma tridactylum
Desmognathus fuscus(?)
Necturus maculosus
Notophthalmus viridescens
Siren intermedia

Reptilia:

CHELONIA:

Apalone mutica
Apalone spinifera
*Chrysemys picta dorsalis**
*Chelydra serpentina**
Deirochelys reticularia
Graptemys kohnii
Graptemys pseudogeographica
Kinosternon subrubrum
Macrochelys temminckii
*Pseudemys concinna**
*Sternotherus odoratus**
*Terrapene carolina**
*Trachemys scripta**

LACERTILIA:

Cnemidophorus sexlineatus
Eumeces fasciatus
Eumeces laticeps
*Sceloporus undulatus**
*Scincella lateralis**

SERPENTES:

Agkistrodon contortrix
*Agkistrodon piscivorous**
Carphophis amoenus
Cemphora coccinea
*Coluber constrictor**

Crotalus horridus
Diadophis punctatus
Elaphe obsoleta
Heterodon platirhinos
Lampropeltis calligaster
Lampropeltis getula
Lampropeltis triangulum
Nerodia cyclopion
*Nerodia erythrogaster**
*Nerodia rhombifer**
Opheodrys aestivus
Regina grahamii
*Storeria dekayi**
Storeria occipitomaculata
*Thamnophis proximus**
Thamnophis sirtalis
