Mr. J. R. Wilson
535 Garden Avenue
Salt Lake City 6, Utah

Dear Mr. Wilson:

We appreciate your letter of March 29, concerning four hot springs and one cold spring on land adjoining the Fish Springs National Wildlife Refuge that you wish to sell.

We are familiar with the location of the springs you mention. In reviewing our needs for the wildlife refuge, these springs were not considered to be of sufficient magnitude and, in view of their location, to be practical for inclusion in the refuge.

We, therefore, would not at this time be interested in acquiring these springs.

Sincerely yours,

Carey H. Bennett
Acting Regional Director
