World's Dispensary, 661 to 667 Washington Street, Buffalo, N.Y.

The above illustration represents the immense six-story building occupied exclusively for the manufacture of Dr. Pierce's Standard Medicines, and known as the World's Dispensary. Within its walls is prepared a series of remedies of such exceeding merit that they have acquired a world-wide reputation and sale.

DR. PIERCE'S SALVE
ALL-HEALING

In cleansing and pain relieving. It destroys the bad odors arising from suppurring, or running, sores and puts them in the best possible condition for healing.

The "All-Healing Salve" is a superior dressing for all open, running, or suppurating, Sores or Ulcers. For healing open wounds, cuts and scratches it is unsurpassed.

If your medicine dealer does not have the "All-Healing Salve" in stock, mail 50 cents in one-cent stamps to the underlined and we will send you a box, post-paid.

A PRESENT FROM THE WORLD'S DISPENSARY MEDICAL ASSOCIATION
BUFFALO, N.Y., and LONDON, Eng.
TO WHOM THIS MAY CONCERN:

Be it known that I, have exact knowledge of the ingredients entering into the composition of my Dr. Pierce's Favorite Prescription and Dr. Pierce's Golden Medical Discovery, and neither of them contains any alcohol or any poisonous, injurious or habit-forming drugs as compounded at the Chemical Laboratory of the World's Dispensary Medical Association in the City of Buffalo, and sold through drugstores; and furthermore, I do solemnly affirm that the list of ingredients as printed on all wrappers enclosing bottles of these medicines is full, correct and complete in every respect.

County of Erie. 
City of Buffalo. 
State of New York.

Personally appeared before me, Dr. R. V. Pierce who, being duly and solemnly sworn, deposes and says that the above statement, signed by him, is true to the best of his knowledge and belief.

CHAS. G. HERBERG. 
Notary Public.

Sworn and subscribed to before me 
this 25th day of May, 1900.

RATES OF POSTAGE.

CHARGES FOR MONEY ORDERS.—Money orders can be obtained only at designated Money-order Offices. Money can be sent to any part of the country with absolute safety, by obtaining a Money-order, for which the fees are: On orders not over $2.50, 3 cts.; over $2.50 and not over $5, 8 cts.; $5 to $10, 12 cts.; $10 to $25, 15 cts.; $25 to $50, 20 cts.; $50 to $100, 30 cts.; $100 to $200, 50 cts.; $200 to $500, 75 cts.; $500 to $1000, 1.00 cts.; $1000 to $5000, 1.50 cts.; $5000 to $10,000, 2.00 cts.; $10,000 to $25,000, 2.50 cts.; $25,000 to $50,000, 3.00 cts.; $50,000 to $100,000, 4.00 cts.; $100,000 to $250,000, 5.00 cts.

All mail matter to Cuba, Porto Rico, Hawaii, Guam and the Philippine Archipelago, is subject to the classification and rates above given.

A 2c per month may be registered at any Post-office for 10 cents, in addition to the regular postage.

:: Insult and Robbery.

A prominent New York Editor says: "The man who tries to make you take an inferior article instead of the thing you really want adds insult to robbery. He shows plainly that he thinks you do not know what you want, and that you haven't much brains anyhow. He imagines that you can be changed by the last words you hear, that because he offers to sell you for a few cents less an utterly worthless substitute you will take that in place of what you actually want and need."

Don't be hoodwinked, hypnotized or misled. Insist on having what you ask for. There are no substitutes for Dr. Pierce's world-famed medicines that are backed up by over 40 years of cures as they are. There are none so good that their makers dare to print their ingredients on their wrappers as Dr. Pierce does—making oath to the correctness thereof. Thus every bottle has a Badge of Honesty upon it. Every bottle of Dr. Pierce's medicines is also Guaranteed under the Pure Food and Drugs Act, of June 30th, 1906—Serial No. 21.

MADE OF FOREST ROOTS.

Dr. Pierce believes that our American forest-land is in most valuable medicinal roots for the cure of obstinate diseases, if we would properly investigate them; and, in proof of this conviction, he points with pride to the marvelous cures effected by his "Favorite Prescription" and "Golden Medical Discovery."

Both medicines are wholly made up from the glyceric extracts of native, medicinal roots. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle-wrapper. Don't accept SKUNK NOOTRUM as substitutes for these medicines of KNOWN COMPOSITION.
People Will Talk

And that's the reason why Doctor Pierce's Family Medicines are advertised so little now - a days. They have made hundreds of thousands of cures in the past 40 years, and some of the grateful people whom they have restored to health are to be found almost everywhere. There's scarcely a hamlet that don't contain some. Look them up. Interview them. They are living, walking, active advertisements for

Dr. Pierce's Family Medicines.

You can believe your neighbors. Therefore ask them. What cured them will very likely cure you, if similarly afflicted—only give them a good, fair trial.

It's a good, sound, common sense policy to use medicines only of KNOWN COMPOSITION, and which contain neither alcohol nor habit-forming drugs. The most intelligent people, and many of the most successful, conscientious physicians, follow this judicious course of action. The leading medical authorities, of all schools of medicine, endorse the ingredients composing Doctor Pierce's medicines. These are plainly printed on wrappers and attested under oath. There's no secrecy; an open publicity, square-deal policy is followed by the makers.

We have a profound desire to avoid all offense to the most delicate sensitiveness of modest women, for whom we entertain the most sincere respect and admiration. We shall not, therefore, particularize here concerning the symptoms and peculiar ailments incident to the sex for which Dr. Pierce's Favorite Prescription has for more than 40 years proven such a boon. We cannot, however, do a better service to the afflicted of the gentler sex than to refer them to Dr. Pierce's Common Sense Medical Adviser, a family doctor book of 368 pages, bound in French cloth and sent post-paid, on receipt of one cent stamps—to cover cost of wrapping and mailing only. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N.Y.
Painful Periods—Made Life Miserable.

"I had painful menstruation for a number of years and for the past three years was so bad that life was a misery to me," writes Mrs. E. F. Dickover. "The doctors told me I would have to go to a hospital before I would ever be better. A year ago this winter and spring I was worse than ever before. At each monthly period I suffered like one in labor (I am the mother of six children). I was so bad for five months that I knew something must be done, so I wrote to Dr. R. V. Pierce telling him as nearly as I could how I suffered. He outlined a course of treatment which I followed to the letter. I took two bottles of 'Favorite Prescription,' one of 'Golden Medical Discovery' and a fifty-cent bottle of 'Smart- Weed' and have never suffered much at my monthly periods since. I wish I could tell every suffering woman the world over what a boon Dr. Pierce's medicines are. There is no use wasting time and money doctoring with anything or any one else."

Excrna Cured.

"About four years ago my little daughter had a breaking out on her toes," writes Mrs. Louis Jungst. "I tried household remedies but they did her no good. I took her to the best physician we have in our town and he pronounced her disease eczema. We doctor her with him a year or more. The disease would seem to be all gone, but to my surprise it always came back again. I came to the conclusion she would never get rid of it. Finally I came across a copy of Dr. Pierce's Medical Adviser and in it I read of cases that had been cured. I wrote to Dr. Pierce stating her case and received a letter from him advising the use of 'Golden Medical Discovery.' She has taken three bottles of it and has had no return of the disease since."
Dr. Pierce’s Favorite Prescription

Is no "cure-all" humbug, but is made for just one purpose—to cure the weaknesses, painful disorders, and irregularities of the womanly organism. It is

THE ONE REMEDY for those ailments, sold by druggists, devised and gotten up by a regularly graduated physician of vast experience in treating woman’s peculiar diseases and is carefully adapted to work in harmony with her delicate organization by an experienced and skilled specialist in her maladies.

THE ONE REMEDY for woman’s ailments, sold by druggists, which contains neither alcohol (which to most women is the rankest poison) or other injurious or habit-forming drugs.

THE ONE REMEDY for women, the composition of which is so perfect and good that its makers are not afraid to print its every ingredient, in plain English on its outside bottle-wraper, and attest the correctness of the same under oath—thus taking its users into their full confidence, and warranting physicians in prescribing it in their worst cases, which they do very largely.

It is foolish as well as dangerous to take medicine the composition of which you know nothing. Therefore, don’t let a dishonest druggist prevail on you to accept a secret nostrum for this professionally approved medicine of known composition. Every ingredient in its make-up has the strongest endorsement of the leading medical men of all the several schools of practice. Send postal card request for free booklet of same.

Every woman may write fully and confidentially to Dr. R. V. Pierce, Buffalo, N. Y., and may be sure that her case will receive careful, conscientious, confidential consideration, and that the best medical advice in the world will be given to her, free.

In addition to this free advice, Dr. Pierce will send a fine French cloth-bound copy of his great 1000-page book, "The Common Sense Medical Adviser," to any woman who will send 51 one-cent stamps to pay the cost of wrapping and mailing only.
40 Years of Success

For over 40 years Dr. Pierce's Family Medicines have kept the front rank and still stand in the front rank as curative agents. They are little advertised now, as compared with many others, reading, as they do for popularity upon their many years of marvelous cures and the grateful friends they have made.

ASK YOUR NEIGHBORS

They must know of many cures of bad cases of female weakness and kindred ailments of women due to the use of

DR. PIERCE'S

Favorite Prescription

IT MAKES

WEAK WOMEN STRONG.

SICK WOMEN WELL.

It's the only advertised medicine for woman's ills which contains neither alcohol (which to most women is worse than rankest poison) nor habit-forming, or injurious drugs and the makers of which are not afraid to print all its ingredients on its outside wrapper. Is that not significant?

DR. PIERCE'S

Golden Medical Discovery

Is equally renowned for its many cures of stomach weakness, indigestion, torpid, or lazy liver and kindred ailments, as well as for blood and skin affections. In many ailments of women the combined use of these two medicines is advised.

It's only a dishonest dealer, here and there, that will attempt to persuade you to accept a secret nostrum in place of these time-proven remedies or known composition. Resent the insult to your intelligence and trade elsewhere.
"My health is better now than it has been for many years, and I owe to Dr. Pierce's Golden Medical Discovery a debt of gratitude," writes Miss Rose Stanley. "I was, for several years, troubled with severe stomach trouble, sick headache and nervousness. Could not eat anything without experiencing the most exciting pain. Had little appetite and was frequently nauseated. My sick headaches were most violent and I could not rest night or day. I became emaciated and thoroughly dependent, and no medicine that I could take seemed to help me at all. It was my father who suggested that I try your medicine, and I am grateful to say that I had been taking "Golden Medical Discovery" less than five months when I was entirely cured, and can now eat anything without distress."

Indigestion—Catarrh of the Stomach.

"I can honestly say that I owe my life to Dr. Pierce's Golden Medical Discovery," writes Bertram Stevens. "I had catarrh of the stomach in such a bad form that nothing I ate would digest. For two or three years I tried several doctors but they failed to help me. They did not seem to understand just what was the matter with me. I also tried different medicines but without results. I was asked one day by a friend to try Doctor Pierce's Golden Medical Discovery. I had not much faith in patent medicines, as I had tried so many without success, until I tried "Golden Medical Discovery." After taking several bottles I soon found that it brought me relief. I have gained in health, strength and weight and I feel today that I am completely cured, so I cannot praise Dr. Pierce's Golden Medical Discovery too highly. What food means to the hungry and drink to the thirsty Dr. Pierce's Golden Medical Discovery means to the sick."
Treating The Wrong Disease

Many times women call on their family physicians, suffering as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or over-busy doctor, separate diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality they are all only symptoms caused by some weakness or rearrangement of the organs distinctly feminine. The physician, ignorant of the cause of suffering, keeps up his treatment until large bills are made. The suffering patient gets no better by reason of the wrong treatment, but probably worse.

A proper medicine like Dr. Pierce's Favorite Prescription, DIRECTED TO THE CAUSE would have entirely removed the disease, thereby dispelling all the distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said that "a disease known is half cured."

As a powerful, invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For over-worked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, it is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervous "Favorite Prescription" is unequalled in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the distinctly feminine organs. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose.
"Eighteen months ago, I took a severe cold on my lungs and had deep, dull pains all through them," writes Geo. W. Kelley. "I went to the family doctor and took his medicines but got no relief. I then procured four bottles of Doctor Pierce's Golden Medical Discovery, which I took as prescribed, and am now entirely cured and in robust health. My wife also has used the Favorite Prescription for womb trouble and was restored to perfect health. My daughter has just finished two bottles of the Favorite Prescription with full satisfaction. I firmly believe your remedies to be the very best that can be found for the diseases for which they are prescribed."

**Just Entering Womanhood.—St. Vitus's Dance.**

"Two years ago," writes Mrs. Fred F. Perry, "my daughter (age 14 years) was afflicted with a nervous disease which seemed to manifest itself principally in the left side. I called a physician and after several weeks' treatment she seemed to be cured but was not, and gradually became worse until at Christmas time we were obliged to take her out of school and soon afterward she was not able to walk or to feed herself. I had heard of Dr. Pierce's medicines and decided to give them a thorough trial. I purchased a bottle of the Favorite Prescription and at the same time wrote to the World's Dispensary Medical Association for advice, which was readily given. They pronounced her ailment St. Vitus's Dance and her treatment consisted of Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,' in alternate doses. At first she seemed worse but I was determined to give the medicine a fair trial and soon was rewarded by seeing a vast improvement, and today she is in perfect health. I have used ten bottles of medicine."
The Miracle of Motherhood

Is often overshadowed by the misery of motherhood. The great functional changes which are incident to childbearing leave their mark for life on many a mother. Some women offer their lives as a sacrifice on the altar of motherhood. A great number live on in ceaseless misery. Their strength fails, their beauty fades, they have no ambition or enjoyment in life. To every woman

Dr. Pierce's Favorite Prescription

Offers escape from the pains and perils of motherhood. Taken during the period of waiting and anticipation this medicine strengthens the body, nourishes the nerves, and prepares the whole womanly system for the coming of baby. It also insures an abundant supply of nourishment for the child.

The mind feels bright and buoyant. There is no anxiety, no dread, but in its place a happy anticipation of the baby's coming, which counts for the future happiness of the child unborn. The use of "Favorite Prescription" makes the baby's advent easy, and gives abundant vitality to nursing mothers. There is no alcohol or habit-forming drugs in "Favorite Prescription." It is a purely vegetable medicine.

Accept no substitute for "Favorite Prescription." There is nothing "just as good" for weak and sickly women. All its ingredients printed on its bottle wrapper.

The larger success of doctor or druggist is never won by putting love for the dollar above duty to the sick. Protecting the sick, giving them what they ask for when Dr. Pierce's Favorite Prescription is called for, will enrich him in respect, if it does not swell to the utmost his profits.

Dr. Pierce's Favorite Prescription

MAKES WEAK WOMEN STRONG.
SICK WOMEN WELL.
day, recommending it for the diseases for which "Fa-
vorite Prescription" is advised. It is the only put-up
medicine for women, sold through druggists, which
does not contain a single drop of alcohol, so harmful in
the long run, especially to delicate women. All other
medicines, sold through druggists for woman's ails-
ments contain large percentages of this harmful agent.
It has more genuine cures to its credit than all other
medicines for women combined, having saved thou-
sands of sufferers from the operating table and the sur-
geon's knife. It has restored delicate, weak woman to
strong and vigorous health and vitality, making medi-
ocrity possible where there was barrenness before,
thereby brightening and making happy many thou-
sands of homes by the advent of little ones to strengthen
the marital bonds and add sunshine where gloom and
despondency had reigned before.

WHOSE SAY-SO IS BEST?

With nearly all medicines put up for sale through drug-
gists, one has to take the maker's say-so alone and exclu-
sively as to their curative value. Of course, such testimony is
not that of a disinterested party and accordingly is not to
be given the same credit as if written from disinterested mo-
tives. Dr. Pierce's medicines, however, form a single and
therefore irrefragable exception to this rule. Their claim to the
confidence of invalids does not rest solely upon their owners'
and makers' say-so or praise. Their ingredients are matters
of public knowledge, being printed on each separate bottle
wrapper. Thus invalid sufferers are taken into Dr. Pierce's
full confidence. Scores of leading medical men have written
enough to fill volumes in praise of the curative value of
the several ingredients entering into these well-known
medicines.

The writings of these men have been for the various med-
cal journals and for publication in standard medical books
for professional reading and instruction, and hence are the
more valuable as they relate to Dr. Pierce's medicines, since
the writers did not know that they were endorsing and
recommending articles that enter into the composition of
these medicines and had no personal interest whatever
therein. Hence, their great value as endorsements.

A brief synopsis of a small part only, of these extensive
writings, which apply to the several ingredients enter-
ing into Dr. Pierce's medicines will be found in a little-
book sent free by Dr. Pierce on receipt of request by mail.

In favor of Dr. Pierce's medicines is the frank, confiding,
open, honest statement of their full composition, giving every
ingredient in plain English, without fear of successful criti-
cism and with confidence that the good sense of the afflicted
will lead them to appreciate this honorable manner of con-
fiding to them what they are taking into their stomachs when
making use of these medicines.
Good, Honest, Square-Deal

Medicines like those of Dr. R. V. Pierce of Buffalo, warrant their makers in printing their every ingredient, which they do, upon their outside wrappers, verifying the correctness of the same under oath. This open publicity places these medicines in a class all by themselves. Furthermore, it warrants physicians in prescribing them largely as they do in their worst cases.

Dr. Pierce's Golden Medical Discovery

Is a most potent alternative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach and bowels, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), liver, bowels (as mucous diarrhea), or other organs.

Dr. Pierce's Favorite Prescription

Is advised for the cure of one class of diseases only—those peculiar weaknesses, derangements and irregularities peculiar to women. It is a powerful yet gently acting invigorating tonic and nervine.

For weak, worn-out, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the woman's functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formula of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides to prescribing, say of each ingredient entering into these medicines.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum. Don't do it.
Indigestion and Nervousness.

"Words fail to express to you my gratitude, but I feel like telling all the world of the good your wonderful medicines have done me," writes Mrs. John Daniels. "I was so weak and nervous I could not sit up all day. I could hardly eat without great distress, and my mind was so bad I was almost deranged. I thought I had to die very soon, but thanks to the Good Master and to your great medicines I am again able to work and can eat anything I want. I have taken eight bottles of 'Golden Medical Discovery,' four of 'Favorite Prescription' and three vials of 'Pleasant Pellets' and I feel like a new woman. I also used the 'Lotion Tablets' and found them very effective. Two doctors called my disease indigestion and nervousness, but did no little or no good. If it had not been for your fatherly advice and your wonderful medicines I have an idea that I would not be living to-day. I have nothing but words of praise for Dr. Pierce and his wonderful medicines."

"Dizzy Spells."

"I take great pleasure in adding my testimony to your list, and hope that it will benefit some one," writes Miss Louise Roth. "I have been a sufferer from nervousness for more than three years. Had neurasthenia and leucorrhea and was all run down. Could not walk any distance alone without having dizzy spells. I began taking Dr. Pierce's Favorite Prescription and commenced to improve from the start and kept on until I now am able to walk and work better, and feel like a different girl."

DR. PIERCE'S FAVORITE PRESCRIPTION is the only medicine for women, the makers of which are not afraid to print all its ingredients on the bottle wrapper. Every ingredient has the strongest endorsement of the most eminent medical practitioners and writers of our
In all cases of Female Weakness, attended by a pelvic drain, or offensive discharge, in addition to a persistent use of Dr. Pierce's Favorite Prescription as a constitutional, tonic and supportive treatment, do not fail to use a solution of these "Lotion Tablets" with approved female strengths—for local strengthening and healing effects.

The cleansing, antiseptic and tonic effects of this lotion are particularly beneficial and curative in all obstinate and long-standing cases. In prolapsus, or falling of the womb, do not fail to use this valuable aid to the treatment. If your dealer does not have the "Tablets" in stock (as most of them have), mail 25 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and you will receive them by return post.

If ulceration is suspected, from the persistence of the discharge and its failure to yield, in due time, to the use of the "Favorite Prescription" and the "Purifying and Strengthening Lotion Tablets" solution, do not fail to apply one of

Dr. Pierce's Antiseptic and Healing Suppositories

Pressing the suppository well up against the mouth of the uterus, first having cleansed the parts thoroughly with hot water and soap. This application should be repeated every second or third night. The use of the "Lotion Tablet" solution may be omitted on nights when "Suppositories" are applied.

The "Antiseptic and Healing Suppositories" can do no harm in any case. They are a very efficient part of the treatment in all cases of ulceration about the mouth of the womb. They are also very useful in prolapsus or falling of the internal feminine organs.

If your druggist does not have them in stock, send 25 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive them by return post.
Nervousness, Indigestion and Heart Trouble.

Some time ago I wrote you concerning my health which at that time was very bad with the troubles stated above," writes Mrs. Lewis Bruce. "One of my specialists advised me to take the 'Golden Medical Discovery,' 'Favorite Prescription' and 'Pleasant Pellets,' which I did—using four bottles of each. I also took a cold water bath night and morning for about five months. At the end of that time I was a changed woman. It is amazing how well and strong I grew. You have my hearty thanks for what your medicines did for me."

Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, in French cloth binding, to any one sending 31 one-cent stamps to cover cost of wrapping and mailing only.

Address: World's Dispensary Medical Association, Dr. E. Y. Pierce, President, No. 653 Main Street, Buffalo, N. Y.

Liver Complaint, Fistula—"Heart Trouble."

"I had liver complaint for three years, also indigestion," writes Mrs. Quinie A. Laurence. "I had a fistula one year and had prolapsus or falling of the uterus. I never could stand on my feet over five minutes at a time. I had heart trouble and could not turn myself in bed for a time. My helpmates were worn out. My husband is a good family practitioner and he also tried different doctors but no good was accomplished until he got the 'Favorite Prescription' and 'Golden Medical Discovery.'

I went according to Doctor Pierce's directions in his book and now I am well and hearty. I average two hundred pounds on the scales; before taking the medicines my weight was one hundred and fifteen pounds.

"I thank my God and you for a permanent cure."
Chills and Fever Cured.

"About forty years ago while in Newark, New Jersey, I had chills and fever," writes Michael Maguire, "which troubled me until 1858 when I went to Cleveland, Ohio. I went to Kansas City in the fall of 1858 and in the spring of 1859 the chills and fever returned. Doctors and everything I tried failed to do me good. Finally I saw Dr. Pierce's Golden Medical Discovery advertised. I took one bottle of it and the chills vanished. In about a year afterward I felt then coming back so I got another bottle and have never had any symptoms of fever or ague since. That is all of twenty years ago, for I had the chills about twelve years before I started to take 'Golden Medical Discovery.'

I have been using your medicines for colds, coughs and for the kidneys on an average of two or three bottles a year. I am taking your 'Pleasant Pellets' at present."

THE BADGE OF HONESTY.

Each bottle of Dr. Pierce's medicines bears upon its wrapper a badge of honesty in the full list of its ingredients. This open publicity places these medicines IN A CLASS ALL BY THEMSELVES.

Goitre.

"In reply to your favor," writes Mrs. Laura Doyle, "I will say, I took three bottles of your 'Golden Medical Discovery' and used the other medicine you advised and that was all I needed. Today you can scarcely tell that there was anything wrong with my neck. The goitre has disappeared and I cannot praise your medicines enough."
Capt. R. Todd.

"I have found Dr. Pierce's Golden Medical Discovery to be a most valuable medicine for the liver," writes Captain Bethel Todd. "Before taking this remedy I was troubled with torpid liver, sluggishness, and severe headache, but the "Golden Medical Discovery" cured me entirely and I now keep a bottle of the medicine on hand to use whenever I feel the need of a tonic. I wish to state also that my mother has used Dr. Pierce's Favorite Prescription very successfully, taking many bottles of this medicine when suffering from ailments incident to change of life."

J. H. Martin, Esq.

"More than a week ago I was suffering with an awful cold in my head, throat, breast, and body," writes James G. Kent. "Some called it La Gripp, some pneumonia. I was advised by a friend to try a bottle of your 'Golden Medical Discovery' and I tried a bottle and it did me so much good that I feel safe in saying it is the greatest and best medicine that I ever took. It does all you claim for it and is satisfactory."

Dr. Pierce's Favorite Prescription

"It makes weak women strong, sick women well. Less advertised than some preparations sold for like purposes, its sterling curative virtues still maintain its position in the front ranks, where it stood over four decades ago."

Making Good Makes Friends

"There is no way of making lasting friends like "Making Good"; and Dr. Pierce's medicines well exemplify this, and their friends, after more than four decades of popularity are numbered by the hundreds of thousands. They have "made good" and they have not made drunkards.

A good, honest square-deal medicine of known composition is Dr. Pierce's Golden Medical Discovery

"It still enjoys an immense sale, while most of the preparations that came into prominence in the earlier period of its popularity have "gone by the board" and are never more heard of. There must be some reason for this long-time popularity and that is to be found in its superior merits. When once given a fair trial for weak stomach, or for liver and blood affections, its superior curative qualities are soon manifest; hence it has survived and grown in popular favor, while scores of less meritorious articles have suddenly flashed into favor for a brief period and then been as soon forgotten."

For a torpid liver with its attendant indigestion, dyspepsia, headache, perhaps dizziness, foul breath, nasty coated tongue, with bitter taste, loss of appetite, with distress after eating, nervousness and debility, nothing is as good as Dr. Pierce's Golden Medical Discovery.

It's an honest, square-deal medicine with all its ingredients printed on bottle-wrapper—no secret, no house-pocus humbug, therefore don't accept a substitute that the dealer may make a little bigger profit. Insist on your right to have what you call for. Don't buy Dr. Pierce's Favorite Prescription.

Expecting it to prove a "cure-all," it is only advised for woman's special ailments.

It makes weak women strong, sick women well. Less advertised than some preparations sold for like purposes, its sterling curative virtues still maintain its position in the front ranks, where it stood over four decades ago.

It won't satisfy those who want "booze," for there is not a drop of alcohol in it.
CHRONIC NASAL CATARRH

is a disease so common, that hawking, blowing and expectorating meet us at every turn. Few diseases are less understood, or more unskillfully treated by physicians.

SYMPTOMS.—Frequent headache, listlessness, lack of ambition or energy; discharge falling into the throat, sometimes profuse, watery, acrid, thick and tenacious, mucous, purulent, offensive, etc.; in others a dryness; watery, weak or inflamed eyes; obstruction of nasal passages, ringing in ears, deafness, hawking and coughing to clear the head and throat; alterations, voice altered, offensive breath, impaired smell, taste, and hearing, mental depression, indigestion, dyspepsia, enlarged tonsils and sometimes tickling cough.

All the above symptoms are common to the disease in some of its stages or complications, yet thousands of cases terminate in serious throat and lung affections, and end in the grave, without having manifested one-third of the above symptoms. As a local application for healing the diseased condition in the head

DR. SAGE'S CATARRH REMEDY

is very efficient. It is mild and pleasant to use, producing nosmarting or pain. It is guaranteed to contain no harmful, poisonous, or habit-forming drugs. Dr. Pierce's Golden Medical Discovery should be taken to correct the blood—which is always at fault in these cases—and to act specifically upon the diseased glands and lining membrane of the nose. The Catarrh Remedy should be used warm and, preferably, with Doctor Pierce's Nasal Douches—by which it can be perfectly applied to all the affected passages.

Dr. Sage's Catarrh Remedy promptly subdues acute attacks of "cold in the head," which would otherwise often result in Chronic Catarrh. Its cleansing, antiseptic, soothing and healing properties are very pronounced. Sold by druggists, or mailed on receipt of 50 cents, in one or two cent stamps. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

Assist Nature

A little now and then, with a searching and cleansing, yet gentle cathartic, to remove offending matter from the stomach and bowels, to tone up and invigorate the liver and quicken its tardy action, and you thereby avoid a multitude of diseases.

If people would pay more attention to properly regulating the action of their bowels, they would have less frequent occasion to call for their doctor's services to subdue attacks of dangerous diseases.

Of all known agents to accomplish this purpose, Dr. Pierce's Pleasant Pellets are unequalled. Their secondary effect is to keep the bowels open and regular, not to further constipate. Hence, their great popularity with sufferers from habitual constipation, piles and their attendant discomfort.

Regulate Stomach, Liver, Bowels.

One little "Pellet" is a laxative, two or three are cathartic. They regulate and cleanse the liver, stomach and bowels—quickly, but thoroughly. They are tiny, sugar-coated, anti-tubulous granules, scarcely larger than mustard seeds. Easy to take as candy.

Let the druggist who says something else is "just as good" sell that something else to somebody else. Don't let him trifle with your health for the sake of a little more profit to himself. Dr. Pierce's Pleasant Pellets—it's an easy name to remember—be sure you get what you ask for.

DR. PIERCE'S

ANODYNE PILE OINTMENT

is a soothing, cooling, healing, antiseptic application and will cure all cases amenable to medical treatment. Of course, it will be understood that in very old and obstinate cases, and when the tumors are very hard or cauliflowerized, nothing but personal treatment, applied by a specialist for these affections, will permanently cure them. Our Specialists annually cure hundreds of such bad cases where Dr. Pierce's Ointment or any other medical treatment, self-applied, would not be sufficient to make a perfect and permanent cure. The "Anodyne Ointment" is a very soothing and healing application for Anal Fissures, or Cracks, and kindred troubles. Sold at 50 cents by all medicine dealers, or sent by mail, post-paid to any address on receipt of above price in postage stamps. Address, World's Dispensary Medical Association, 603 Main Street, Buffalo, N. Y.
In recognizing diseases without a personal examination, we claim to possess no miraculous powers. We obtain our knowledge of the patient's disease by the practical application to the practice of medicine, of well-established principles of modern science.

Advantages of Specialties.

By thorough organization and subdividing the practice of medicine and surgery in our Institution, every invalid is treated by a specialist—one who devotes his undivided attention to the particular class of diseases to which the case belongs. The advantage of this arrangement is obvious. Medical science covers a field so vast that no physician can, within the limits of a lifetime, achieve the highest degree of success in the treatment of every mainly incidental to humanity.

OUR FIELD OF SUCCESS.

By abandoning the treatment of all diseases except those in which we have attained the greatest success, and then still further narrowing and concentrating our study, we have created these specialties, giving to each member of our Faculty a single, disease, or class to treat, we have attained the best possible results. Recognizing the fact that no great institution dedicated exclusively to the treatment of chronic diseases and subdivided into well-equipped and thoroughly organized Departments, would at all meet the needs of the afflicted, of our land, without the most perfect, complete and extensive provision being made for the systematic examination and most improved and scientific treatment of diseases of the air-passages and lungs, we have not only assigned to its management physicians of the most eminent qualifications and mature experience, but have also provided every kind of useful instrument for examining the organs involved, as well as all of the most approved kinds of apparatus for the application of sprays, fumigations, atomizations, inhalations and all other forms of medicinal applications, which a vast experience has proved worthy of confidence.

So alarming prevalent are those chronic diseases peculiar to women, and so famous has our Institution become for their cure, that we have been obliged to create a Special Department, now thoroughly organized, devoted exclusively to the treatment of these cases. The physicians and surgeons in this Department have made these delicate diseases their sole study.

Every case coming to our specialists, whether by letter or in person, is given the most careful and considerate attention. Every difficult case (and we get few which have not already baffled the skill of all the home physicians) has the benefit of a full Council, composed of skilled specialists. Our rooms for ladies are so arranged as to be very private.
A Boon to Women.

By our new and improved method of treatment, with Electrolysis and other means of our discovery and invention, many Fibroid and Fibro-Cystic Tumors of the Uterus and Ovarian Tumors are readily reduced and permanently cured, without pain, shock, or risk. These tumors are generally regarded as incurable by the profession, except when removed with the knife.

BRIGHT'S DISEASE, DIABETES, and kindred maladies have been very largely treated and cures effected in thousands of cases which had been pronounced beyond hope. These diseases are readily diagnosed, or determined, by chemical analysis of the urine, without a personal examination of the patients, who can therefore, generally be successfully treated at their homes. The study and practice of chemical analysis and microscopic examination of the urine in our consideration of cases, with reference to correct diagnosis, in which our Institution long ago became famous, has naturally led to a very extensive practice in diseases of the urinary organs. Probably no other institution in the world has been so largely patronized by sufferers from this class of maladies as the old Invalids' Hotel and Surgical Institute. Our specialists have acquired, through a vast and varied experience, great expertise in determining the exact nature of each case, and hence, have been successful in strictly adapting their remedies to the cure of each individual case.

The treatment of diseases of the urinary organs having constituted a prominent branch, or specialty, of our practice at the Invalids' Hotel and surgical Institute, and being in receipt of numerous inquiries for a complete work on the nature and curability of these maladies, we cannot do better than to refer all such inquirers to the "People's Medical Adviser," containing, as it does, an exhaustive consideration of these maladies.

INFLAMMATION OF THE BLADDER.

Gravel, Enuresis are troublemakers. Retention of Urine and kindred affections, may be included among those in the care of which our specialists have achieved marvelous success.

STONE IN THE BLADDER, no matter how large, is crushed, pulverized, washed out and perfectly removed by our surgeons, in the most skillful and safe manner possible and without any cutting, thereby avoiding the great danger of the old and commonly employed operations for stone.

STRUCTURES AND URINARY FISTULAE.

To mention but one of the worst forms of strictures, many of them are greatly aggravated by the careless use of instruments in the hands of inexperienced physicians and surgeons, causing false passages, urinary fistula, and other complications, annually consigned to despair and cure. That no case of this class is too difficult for the skilled specialists, is proved by cures reported in our illustrated treatise on these maladies, to which we refer with pride. To intrust this class of cases to physicians of small experience is a dangerous proceeding. Many a man has been ruined for life by so doing, while thousands annually lose their lives through unskilled treatment. In bad cases, when cutting is imperative, we adopt means which render unnecessary any use of knives after the operation. This is a great relief to the patient, saving him much unnecessary pain and tedious annoyance, gives the greatest satisfaction, and results in the most perfect and permanent cures. Thousands of men suffer unconsciously from slight strictures, which keep up and perpetuate the diseases of the bladder and other delicate maladies. A slight stricture often goes unobserved by the patient and is entirely overlooked by the physician as well, even when it is the cause of failure to cure lingering, plebeous discharges, or nightly emissions of the vital fluid, and perhaps, of serious disease of the bladder and kidneys. A vast experience in this field of practice has taught our surgeons to look for these slight strictures and promptly cure them. All ordinary cases are cured by us without cutting.

Epileptic Convulsions, or Fits, Paralytic Stains, or Paley, Locomotor Ataxia, St. Vitus's Dance, Insomnia, or inability to sleep and threatened insanity, Nervous Debility, Nervous Exhaustion, or prostration, arising from overstudy, excesses and other causes, and all nervous affections, are treated by our specialists with a success heretofore unparalleled.

Hydrops, "Liver Complaint, Obstructive Constipation, Chronic Diarrhea, Tape-worms, and kindred affections, are among those chronic diseases in the successful treatment of which our specialists have attained unparalleled success. Many of the diseases affecting the liver and other organs, contributing in their functions to the processes of digestion, are very obscure and are not infrequently mistaken by both laymen and physicians for other maladies and treatment is employed directed to the removal of a disease which does not exist. In our practice examinations of the urine have contributed important aid in ascertaining the real nature of these maladies—furnishing, as they do, in this class of affections, unanswerable data to guide the accomplished practitioner rightly. While we do not overlook the importance of other aids in forming a diagnosis, or opinion, of the nature of diseases affecting the digestive organs, yet we certainly should and must know how to get along successfully, with these diseases, without the help of microscopic and chemical examinations of the urine. These diseases and their cure are fully considered in the "Common Sense Medical Adviser,"

Piles, Fistulas, and other diseases affecting the lower bowels, are treated with wonderful success. The worst cases of pile tumors are permanently cured in fifteen to twenty days. See "Common Sense Medical Adviser."

Radical Cure of Rupture.

Throw Away Trusses.

There is no longer need of wearing clumsy, awkward, choking, old trusses, which at best give only partial relief, seldom cure and often produce inflammation and strangulation from which thousands annually die.

Organic weakness, nervous debility, premature decline of the manly powers, involuntary vital losses and kindred affections, are speedily, thoroughly and permanently cured.

To those acquainted with our Institution, it is hardly necessary to say that the Invalids' Hotel and Surgical Institute, has, for many years, enjoyed the distinction of being the most largely patronized and widely celebrated Institution in the world for the treatment and cure of those ailments which arise from youthful indiscretions and solitary practices.

We offer no apology for devoting as much attention to this neglected class of diseases, believing that no condition of humanity is too wretched to merit the sympathy and best services of the noble profession to which we belong. Why anyone should consider it otherwise than most honorable to cure the worst cases of these diseases, we cannot understand. Of all other maladies which afflict mankind there are probably none about which physicians, in general practice, know so little.

We shall, therefore, continue, as heretofore, to treat with our best consideration, sympathy, and skill, all applicants who are suffering from any of these delicate diseases.

Starter Weakness.

By reason of a false moddency, the youth of our land are kept in ignorance of the harmful and ruinous results which certain solitary, indiscriminate practices produce. These vices, when persisted in, eventually undermine the constitution, and induce nervous debility, exhaustion, prostration, and premature loss of virile power. Among the earliest manifestations which they occasion is a desire on the part of the sufferer to avoid society—solitude being preferred. The most common symptoms are languor, mental anxiety, gloomy forebodings, melancholy, or hypochondria, impaired memory, physical and nervous debility, and indigestion. A drain of the most delicate and vitalizing character is made upon the system.

Hidden Loss.

In many cases the loss occurs unnoticed, served by the sufferer. To this hidden drain upon the system may be attributed the cause of many diseases of the nerves, stomach, heart, kidneys and bladder.
