

ServCat Partner Access

Partner Access accounts are used to establish credentials for non-FWS employees. These partners will then be able to access and search ServCat’s public records. Additional application specific roles are required to discover ‘internal’ records, and create or modify data in ServCat.

To sign up for a ServCat Partner Access account, navigate to ServCat (<https://ecos.fws.gov/ServCat/>). If not on the DOI network, you will be redirected to the **Partner Username / Password Sign In** page. Click the link to create a new account

User Name / Password Sign In

The login below is intended for individuals who have an active partnership with the USFWS and need to contribute content to ServCat. Please note that Three failed attempts to login will result in a temporary lockout of your account. New users must use the link below to register for an account.

Enter your user name and password.

User Name*

Password*

[Sign In](#)

[Click here to create a new account.](#)

[Click here if you have forgotten your password.](#)

[Click here if you have forgotten your username.](#)

Complete all of the fields on the **Create New User Account** page. Note that the email address used cannot have the @FWS.gov domain and must be a valid email address since an account activation email will be sent to the email address listed. Passwords must meet each of the five criteria displayed to the right of the Password field. A password is not valid until each criterion has a green checkmark. Click Create when finished.
