In the matter of Amendment of § 73.202(b) Table of Assignments: FM Broadcast Stations: Santa Barbara and Ventura, California. Docket No. 20916. RM-2685. RM-2707.

Notice of Proposed Rulemaking in

this proceeding was adopted on September 16, 1976, and released on September 22, 1976. Publication was made in the Federal Register on September 30, 1976. 41 FR 43196. Comments and reply comments are due on November 1 and November 22, 1976, respectively.

1. Notice of proposed rulemaking in this proceeding was adopted on September 16, 1976, and released on September 22, 1976. Publication was made in the Federal Register on September 30, 1976. 41 FR 43196. Comments and reply comments are due on November 1 and November 22, 1976, respectively.

2. On October 20, 1976, the Coordinator of Service Programs for the University of California ("UC"), one of the two proponents in this proceeding, requested that the time for filing comments and reply comments be extended for thirty (30) days. UC states that it did not receive the notice of proposed rulemaking from the Commission, thus failing its awareness of the filing deadline dates. In view of UC's failure to receive a copy of this notice, we agree the dates for filing comments and reply comments should be extended. Counsel for Charles V. Martin and John A. Popejoy, the other respondent in this proceeding, advises that it has no objection to the grant of this extension.

3. Accordingly, it is ordered, that the dates for filing comments and reply comments are extended to and including December 1 and December 22, 1976, respectively.

4. This action is taken pursuant to authority found in sections 4(f), 5(d) (1) and 303(i) of the Communications Act of 1934, as amended, and § 0.281 of the Commission's rules.
